Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance: The primary reason for the allowance of the claims in this case, is the inclusion of the auto ignition composition that is in the independent claims, in combination with the other elements recited, which is not found in the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Applicant's arguments and amendments are sufficient to overcome the 35 U.S.C. Sec. 112 and 103 rejections. The combinations of the references in the rejections are no longer applicable because of contrary teachings in the prior art, the amendment to the claims, and the declaration that has been presented.

Terminal Disclaimer

3. The terminal disclaimer filed which disclaims the terminal portion of any patent granted on this application which would extend beyond the expiration date of US 5,959,242 has been reviewed and is accepted. The terminal disclaimer has been recorded.
